Commitment

A nonprofit organization is only as strong as the strength and commitment of the organization's individual board members. Tasks include governance activities, advocacy, recruitment, charitable giving, and work through various committees. This includes everything from policy development and implementation to expression of philanthropic and educational views in social and business settings.

Each Explore Austin board member commits to:

- attending six regular board meetings per year and one day retreat on a weekday
- reading board materials in advance of board meetings and arrive prepared to ask questions and participate in discussions
- serving on one or more committees of the board and actively participate in committee work
- learning to read and understand Explore Austin's financial statements if no prior experience reading financial statements. Another board member will gladly assist your learning
- helping the board fulfill its fiduciary responsibilities
- playing an active role in securing the financial resources necessary for Explore Austin to achieve its mission
- leveraging personal relationships and connections to help the development committee and staff identify and solicit potential funders
- directly investing in Explore Austin's work by making a personal, meaningful financial contribution each year
- responsibly represent Explore Austin to their respective communities and to advocate for Explore Austin's mission, program, and services as appropriate.

Board terms last for three years and board members can serve for up to two consecutive terms.

We are continuously searching for new leaders that leverage their diverse backgrounds and talents in order to empower youth to their fullest potential. As a board member, you would serve as the primary example to Explorers of what a leader looks like; a both fulfilling and challenging job. We hope to hear that you accept the challenge.
